

3.) F(1,3), G(3,6), H(5,6), J(3,3)

Example 2 Finding a Perimeter

The vertices of a rectangle are F(1,6), G(7,6), H(7,2), and J(1,2). Draw the rectangle in a coordinate plane and find its perimeter.

Your Turn! The vertices of a rectangle are J(2,7), K(4,7), L(4,1.5), and M(2,1.5). Find the perimeter and the area of the rectangle.

Summary: Students should write a summary reflecting the above essential question.
